

Racin' on the Rooftop Fundraiser

Come out and join Help Stop ALS and Racin' for a Cure as we watch the best cars and drivers in the top NASCAR driver development series at the Toyota All-Star Showdown on January 24th. Watch the Daytona 500 of short track racing from the best seat in the house; on the rooftop. See the sparks fly as the best of the East clash with the best of the West while the Camping World Series takes center stage at Irwindale Speedway, one of the best short tracks in the country, live on SPEED Channel.

All proceeds from this event will help lead the fight to find a cure and treat ALS through research and help provide support and compassion for families affected by Lou Gehrig's disease.

Evening of Saturday, January 24th, 2009
